State of California and Health IT

In addition to the HIE Advisory Board, four new workgroups, with subcommittees, are now open

- Health IT Extension Program (RECs)
- EHR Loan Program
- Workforce Training and Development
- Technology Research & Development

These work groups are designed to coordinate California's response to the ARRA funding.

Meaningful Use

Health outcome policy priorities

- Improve quality, safety, efficiency, and reduce health disparities
- Improve care coordination
- Engage patients and families
- Improve population and public health
- Ensure adequate privacy and security protections for personal health information

Meaningful Use

How to Participate

The public will be invited to make comments at the conclusion of each meeting.

Meaningful Use Comment Instructions

The Office of the National Coordinator for Health Information Technology (ONC) is seeking comments on the preliminary definition of "Meaningful Use," as presented to the HIT Policy Committee on June 16, 2009. Comments on the draft description of Meaningful Use are due by June 26, 2009, and should be no more than 1,000 words in length.

- [Meaningful Use Preamble](#)
- [Meaningful Use Matrix](#)
- [Details for: Medicare and Medicaid Health Information Technology: Title IV of the American Recovery and Reinvestment Act](#)
- **Electronic responses** to the draft description of Meaningful Use are preferred and should be addressed to: MeaningfulUse@hhs.gov
With the subject line "Meaningful Use"
- **Written comments** may also be submitted to:
Office of the National Coordinator for Health Information Technology
200 Independence Ave, SW
Suite 729D
Washington, DC 20201
Attention: HIT Policy Committee Meaningful Use Comments
